SOVIET JEWS EMIGRATE TO ISRAEL

Jews Organize For Nation-Wide Fight On McCarran Act

SPECIAL—The big 1954 Jewish drive against the McCarran-Walter Act is already underway from coast to coast. In New York last month Jewish representatives presented Senator Herbert Lehman with 20,000 signatures urging the "revision" of the McCarran Act. Later — on Dec. 10th — Lehman's executive secretary, Julius Edelstein, addressed a special Jewish conference convened at Jamaica, New York, for the special purpose of formulating strategy to defeat the Act. Principal speaker at the conference was Joseph Lichten, an Anti-Defamation League official who entered the U.S. in 1940. . .

In Los Angeles the Jewish Community Council (LAJCC) scheduled what the B'nai B'rith Messenger described as the ". . . first special meeting of LAJCC's membership in recent years" to map out an anti-McCarran program for Southern California's 350,000 Jews. In virtually every other Jewish community in the U.S., similar conferences were taking place. . .

HERBERT LEHMAN

NOTE: The actual Jewish goal is to replace the McCarran Act with the Lehman-Celler bill, which Lehman introduced in the Senate last summer. This would not only abolish the "national origin" concept, but would at least double current immigration quotas.

THE NEED FOR UNITY

The Nationalist movement desperately needs a unified leadership. With the possible exception of General Douglas MacArthur or Senator Joseph McCarthy, no man in America is better qualified to assume that leadership than Senator Jack B. Tenney of California. Tenney enjoys the confidence of virtually the entire Nationalist leadership. If assured the proper cooperation, he might be induced to head a unified Nationalist movement or Confederation. It will take a BIG man to unify this movement, and we believe Tenney fits that description perfectly.

Segregation Issue

WASHINGTON, D.C.—The question of whether or not the various states will retain the right to maintain "separate though equal" schools for Negroes and whites is now in the hands of the U.S. Supreme Court. The Court, whose decision is not expected until next year, will rule on the contention of the National Association for the Advancement of Colored People (NAACP) that segregated schools are "unconstitutional", and therefore illegal. The NAACP is attempting to upset a Supreme Court decision of 1896 which held that segregation was permissible so long as equal facilities were provided for Negroes.

Twenty-one states and the District of Columbia will be affected by the forthcoming Supreme Court decision. At least one state, South

Soviet Permits Zionist Jews To Emigrate To Israel, But Gentiles Are NEVER Allowed To Emigrate

BUDAPEST—A group of 210 Hungarian Jews departed from Budapest last month enroute for Naples, Italy, where they boarded a vessel for Israel. The Zionist group, all of whom were permitted to bring their personal possessions through Hungarian customs, is part of a contingent of 3,000 Zionist Jews who have received permission from the Communist government of Hungary to emigrate to Israel.

The Jewish Telegraph Agency (JTA) also reports that about 40 Jews will depart from Communist Bulgaria this month for Israel. A number of Zionist Jews were also said to be awaiting permission to emigrate from Communist Poland.

Although Jewish propagandists in this country may attempt to represent these emigrations as further evidence of Soviet "anti-Semitism", the fact remains that these Jews are actually receiving preferential treatment. Soviet Russia, in all its history, has never permitted Gentiles to emigrate from Soviet-occupied territory under any pretense whatever. The very fact that several hundred thousand Zionist Jews have been permitted to emigrate to Israel thus far, and are still being permitted to emigrate, is prima facie evidence that Jews continue to enjoy a very special status in the Communist world.

Very few Gentiles, however, will recognize the true significance of these Jewish migrations from Soviet territory. The typical American is simply not equipped to understand the situation because he has been propagandized into

Army Wives Imperiled By Negro Rape Attacks

FORT BRAGG—Another white woman has been raped by a Negro soldier at the Fort Bragg Army Base as a direct result of the Truman-Eisenhower "integration" program. The rapist, a 22 year-old Negro paratrooper, was sentenced to 15 years at hard labor after abducting two married white women, one of whom he criminally attacked. The rape-attack occurred when the Negro soldier, who was on sentry duty at the base, halted the women's car and forced them to drive to a deserted spot. After ordering both women to kiss him; he attacked one while forcing the other to witness the act.

This was the second Negro rape-attack against white women at the Fort Bragg base during the month of October. The other attack (see American Nationalist, Nov. 25) involved a Negro Army officer who raped the wife of a white corporal following an interracial drinking party. The Negro officer, who has been sentenced to 30 years at hard labor, admitted the rape-attack, but claimed the victim had "encouraged" his advances. The corporal's wife, Mrs. Christiana Schuster, testified that the Negro rapist "acted like a perfect gentleman" when they danced together at the officers club, but attacked her four times once they were in the automobile together. . .

Ironically, both incidents occurred at about the same time that Eisenhower's assistant-secretary of defense, John Hannah, was announcing the deadline for the "integration" program in the

Senator Jack B. Tenney Flays Dual Loyalty of Zionist Jews

SAN ANTONIO, TEXAS—Senator Jack B. Tenney, chairman of the famed "Tenney Committee" from 1941 to 1949, flew to Texas last month to deliver a fighting speech before the American Heritage Protective Committee in San Antonio. The anti-Communist rally, attended by an estimated 600 patriots from every section of the country, was held at the San Pedro Playhouse, not too far from the historic Alamo. Presiding at the rally was Austin Hancock, chairman of the American Heritage Protective Committee. Among those attending was Col. John Beaty, author of "Iron Curtain Over America", and now a professor at Southern Methodist University.

WASHINGTON

THE U. S. Communist Party has now gone almost completely underground. This means that most Communist Party members are now posing as "former Communists"—on orders from Moscow. Keep this in mind the next time you hear the left-wing crowd bleeding over the hard lot of these "former Communists". Incidentally, genuine ex-Communists do not hesitate to cooperate with the FBI and the Un-American Activities Committee.

EISENHOWER'S recent "repudiation" of Senator McCarthy over the question of foreign aid to nations trading with Communist China has again served to spark a massive left-wing and Communist assault on the Senator from Wisconsin. This is the second time Eisenhower has touched off an anti-McCarthy drive — the first time being in the Matthews case, when he denounced Matthews (and by indirection McCarthy) for his alleged "attack" on Protestant clergymen . . . Incidentally, it is interesting to note the contrast between the treatment accorded Senator McCarthy by the Communist press as compared to that given Eisenhower. During the past six months, for example, the Communist organ, PEOPLE'S WORLD, has averaged an anti-McCarthy article, cartoon or headline in at least every other issue, whereas Eisenhower has received very little real criticism.

Significantly, what little criticism the Communists have thrown at Eisenhower thus far has been mainly directed at his "millionaire cabinet" and his alleged subservience to Wall Street—charges which the Truman Democrats also make.

By contrast, McCarthy is hysterically reviled week after week by the PEOPLE'S WORLD for his "witch-hunting" (meaning anti-Communist) activities. . .

SIGNIFICANCE: Eisenhower's determination that Communism shall not be an issue in the 1954 election, combined with his obvious distaste for "McCarthyism", has undoubtedly enhanced his popularity with the Communist Party. His civil rights program has also helped a lot. Short of another Franklin Roosevelt, it would be difficult to find a man more acceptable to the Communists—considering the present circumstances, of course —than Ike Eisenhower.

Carolina, has already anticipated an adverse ruling and has initiated a plan calling for the abandonment of its public school system rather than submit to the forced admixture of white and Negro school children. Several other Southern states will probably follow suit if the Supreme Court rules in favor of NAACP.

Ironically, it will be the District of Columbia which will be affected most drastically if the Supreme Court outlaws segregated schools. This is because there are more Negroes enrolled in Washington, D.C. schools than there are whites. Few people realize that our national capital has become virtually an African colony, with more Negroes residing there than whites.

In the District's schools, Negroes account for 57% of the enrollment, while white students represent only 43% of the total. At the present time Washington's schools are operated on a segregated basis, but a Supreme Court decision in favor of the NAACP would inundate the entire school system with a black tide of dull minded, aggressive, jazz-crazy, over-sexed Negroes. Such is the prospect facing the white residents of the nation's capital today. . .

IKE INTERVENES

Joining with the NAACP in its three-day appearance before the Supreme Court was an assistant Attorney-General of the United States, J. L. Rankin, who appeared there on behalf of the Eisenhower administration to argue that segregation is unconstitutional under the 14th Amendment. (The controversial 14th Amendment was adopted by the victorious North immediately following the Civil War, at which time the white population of the South was not permitted to vote). Rankin informed the Supreme Court that . . . **"It is the position of the department of justice that segregation in the public schools cannot be maintained under the 14th Amendment". . .**

This is not the first time the Eisenhower administration has dusted off a Civil War reconstruction law to implement its race-mixing program. Earlier this year an obscure post-Civil War law

Hollywood

THE EDDIE CANTOR STORY, like the host of other H'wood biographical" films, is little more than an artful piece of Jewish press-agentry —devoted exclusively to the glorification of Jewish personalities in our Jew-ridden entertainment industry. The EDDIE CANTOR STORY opened for its "world premier" at New York's Paramount Theatre on Dec. 23rd amid a typical bit of Jewish fanfare. The "world premier" was marked by a special televised "Salute to Eddie Cantor", sponsored by the "Educational Alliance". Serving as honorary chairman of the affair was the Russian-Jew, David Sarnoff, who heads the giant Radio Corporation of America (RCA). Acting as honorary vice-chairman was Arthur Murray, the Jewish dance merchant. Master of ceremonies was George Jessel, likewise of Yiddish origin. Even the television network (ABC) which televised the event is Jewish owned. Just what chance a Gentile has in a situation like that isn't too difficult to figure out. . .

JEWISH JUDY GARLAND (Gumm) will soon appear in her first film in three years—a production entitled, A STAR IS BORN. Jewish Judy, whose singing voice probably never was much better than average, enjoyed her greatest popularity as a teenager. She was one of a succession of juvenile Jewish songbirds which included Bobby Breen, Deanna Durbin and (most recently) Eddie Fisher. Incidentally, not a single young Gentile songster has ever achieved the popular acclaim enjoyed by the above-mentioned—at least not within the past 15 years. That isn't surprising, of course, considering the fact that Hollywood is exclusively a Jewish monopoly. . .

JUDY GARLAND

HOLLYWOOD'S JEWS, who for many years have carefully avoided portraying Negroes as "stereotyped" characters, ie as servants, black-faced comedians, criminals, etc., are now going all-out in an effort to glamourize them as athletes and soldiers. By making such films as THE JACKIE ROBINSON STORY and THE JOE LOUIS STORY, Hollywood is obviously attempting to capitalize on the hero-worship of the nation's sports-loving youth. And by turning out pictures like CEASE FIRE and TAKE THE HIGH GROUND, they are likewise hoping to propagandize the American public into accepting Negroes as military "heroes" . . . Our feeling on the matter is that Hollywood's Jews should either stop using the motion picture industry for propaganda purposes, or else get out of the picture business altogether. Ultimately it will be one or the other.

SIDELIGHTS: Both male members of the TV show, WHAT'S MY LINE are Jews. They're Steve Allen and Bennett Cerf . . . The Jewess, Lillian Gish, stars in the new Broadway play, THE TRIP BOUNTIFUL . . . Jewish Paulette Goddard stars in the new Lippert production, SINS OF JEZEBEL . . .

United Nations

IN LONDON last month Dr. Cyril Garbett, Archbishop of York, who is regarded as the political spokesman for the Church of England, lashed out at the Israeli government for the "cruel massacre" at Kibya (see American Nationalist, Nov. 25) in which 63 Arabs were butchered by the Israeli army. The Archbishop also criticized the U.N. for its failure to settle the Arab-Israeli dispute. Said he: **"The Jewish vote in New York has had a paralyzing effect on the United Nations". . .**

THE DECEMBER 18th issue of U.S. NEWS & WORLD REPORT features a startling article entitled: **"Where Are The Missing 944 G.I.'s,"** in which it reports that 610 U.S. soldiers, 312 airmen and 22 marines and sailors are still in Communist prison camps. **"Some", said U.S. NEWS & WORLD REPORT, "are known to have marched in a 'victory' parade in Manchuria. Others are reported in Siberia, a few near Moscow. Most vanished from North Korean camps during the closing weeks of the shooting war. What's being done about it? Very little, so far. Tendency by officials is to soft-pedal".**

"The United States", the article further explains, "did not win the war in Korea. As a result, it cannot demand and expect to receive any reliable accounting for those still missing. Americans can only protest. But so far there has been no protest, except for an Army communique last September. There is a seeming reluctance by American officials to press the case of the G.I.'s who are still missing. Emphasis, instead, is on finding a way to make a deal with the Communist Chinese on terms of peace. There is even pressure to speed a United Nations membership for Communist China. Any emphasis on the missing G.I.'s apparently, could complicate things". . .

The situation obviously calls for another "perfumed note", hey Mr. Dulles?

NOTE: A few days after the American delegation had made its report to the U.N. regarding the Communist atrocities in Korea, Eisenhower appeared before the U.N. Assembly with his fatuous proposal to share our atomic resources with other nations, including Soviet Russia. Later he had the bad judgment to shake hands with Andre Vishinsky, who only a few days previously had arrogantly jeered the American atrocity report. Just how Eisenhower expects to work out a "peaceful" atomic arrangement with Soviet Russia under the circumstances is a question to confound even the "perfumed note" diplomats. And just WHY he chose to clasp hands with the bloody Andre ("germ warfare") Vishinsky at a time when 944 G.I.'s rot in Communist prison camps is even more confounding. . .

German 'Atrocity' Tale Proved Hoax

Reader's Digest Prints Anti-German Hate Libel

SPECIAL—The November issue of READER'S DIGEST contains what is undoubtedly the most vicious piece of hate propaganda ever put into print. The article in question is a condensation of a book by Quentin Reynolds entitled, "The Man Who Wouldn't Talk". Publisher of the book is Random House, which is headed by the Yiddish publisher and erstwhile humorist, Bennett Cerf.

"TRUE" STORY

READER'S DIGEST represents "The Man Who Wouldn't Talk" to its 17 million subscribers as a true story. Supposedly, it is a factual account of the adventures of George Dupre, a Canadian officer in the British Intelligence Service who served in the French underground during the war. The plot, as the title suggests, revolves around the heroic refusal of George Dupre to talk, even when subjected to the most fiendish tortures by the "Nazis". . .

THE GERMAN-HATER

Quentin Reynolds, a professional German-hater, approaches his subject with obvious relish. George Dupre he pictures as an intensely religious man whose faith in God gives him the strength to withstand the inhuman abuse inflicted upon him by his captors. Reynolds skillfully utilizes the religious theme throughout the story as a backdrop to the sadism with which the story is primarily concerned.

NAZI ATROCITIES

The following sequence, in which Quentin Reynolds describes the atrocities suffered by George Dupre at the hands of the "Nazis", is typical of the venomous and hateful tone of the entire story. In this episode he tells of how the Germans clamped the victim's mouth open and poured boiling water down his throat:

"The Nazi sergeant was in command. He was a short, stocky man, with a flat nose and a mouth that was merely a tight line which looked as though it had never smiled . . . The sergeant said nothing at all, and George looked at him in some wonder. The man was obviously a sadist who received the same stimulation watching others suffer as normal men do making love. He was enjoying every minute . . . He lifted the . . . kettle above George's head, aimed for the mouth and poured. George braced himself mentally, but there was no way to ease the horrible pain of boiling water meeting the soft tissues of his palate and gums. The agony was intense. The sergeant put the kettle back on the burner and George allowed his head to fall forward on his chest."

Quentin Reynolds then describes the sublime "faith" which enables Dupre to withstand this Nazi torture: **"You can't have much guts without God . . . Well, he had faith all right; perhaps that's why he wasn't really afraid now. What was fear anyhow? he asked himself. Fear was a lack of trust in God. Christ showed no fear when they nailed Him to the Cross. His faith in His Father had been so great that there was no room for fear in His heart".**

QUENTIN REYNOLDS

BENNETT CERF

One of the most vicious literary hoaxes to be perpetrated in recent years is Quentin Reynold's yarn about "Nazi" torture methods, which he entitled, "The Man Who Wouldn't Talk". The book was published by Bennett Cerf's RANDOM HOUSE, and reprinted in condensed form (as a "true" story) in the November issue of READER'S DIGEST. Despite the fact that the entire story has been revealed as a fraud and a hoax (READER'S DIGEST has since printed a weak, left-hand "retraction") Jewish Bennett Cerf continues to publish the hate-libel.

Having relieved himself of this bit of sanctimonious drivel (sanctimonious because the entire story has been exposed as a fabrication and a hoax) Reynolds continues his depraved description of another torture inflicted on his phony hero, George Dupre. This time he depicts the "Nazis" in the act of giving Dupre a sulphuric acid enema:

ACID TREATMENT

"The sergeant called out loudly. A pleasant-looking nurse with a smile on her face walked in, carrying a pair of shears and a heavy syringe — the type used to give horse enemas. Without a word she cut through the back of his trousers. Then the sergeant said: 'Let him have it' . . . He felt a stream being directed at his legs. It stung terribly, but the pain wasn't great enough to make him cry out. The odor was familiar. It was a long time since he'd studied chemistry at Cambridge, but he recognized the smell of sulphuric acid . . . 'Give him a real dose', said the sergeant to the nurse! George felt the nozzle of the syringe, and then the fiery liquid touched the most tender part of his flesh. He screamed in agony as the strong stream from the syringe penetrated his body. The agony spread through his whole abdominal cavity . . . The nurse had stopped now. He turned his head and saw her leave, a faint smile of satisfaction on her face. . ."

Thus did Quentin Reynolds tell the story of George Dupre, a British Intelligence Officer whom Reynolds claimed had been captured by the Nazis in France and subjected to the tortures described above, and many others. The account was, as previously mentioned, published in book form as "The Man Who Wouldn't Talk" by the Jewish-owned Random House, and it was reprinted as a true story in the November issue of READER'S DIGEST.

It goes without saying that the story of George Dupre, the intrepid Intelligence Officer who refused to talk even under torture, is an unusual one. Furthermore, the detailed account of the atrocities perpetrated against him constitute one of the most stinging indictments of Nazism, and of the German people, ever put into print. For sheer horror the story rivals the tales of Buchenwald and Dachau, where similar atrocities are said to have occurred.

CHEAP HOAX

Quentin Reynolds has struggled mightily, and with great fervor, to convince his readers that the Nazis were indeed fiendish criminals—one cannot read his story without concluding that his primary purpose was to create that impression. But unfortunately for Mr. Reynolds, his "factual" account of "The Man Who Wouldn't Talk" has been proven to be a fabrication and a hoax. Canadian newspapermen, noting glaring inconsistencies in the tale, discovered that George Dupre, although indeed a former member of the Canadian Air Force, had never been in France. Nor had he been captured by the Germans.

OBSCENE IMAGINATION

Quentin Reynold's vivid and detailed description of the obscene and complicated tortures inflicted by the "Nazis" were thus revealed to be nothing more than the product of a sick imagination; there being some question as to just where Dupre's imagination left off and Reynolds' began.

LITERARY PERVERT

In short, the boiling-water episode, the sulphuric acid treatment, the bestial "Nazi" sergeant who . . . **"received the same stimulation watching others suffer as normal men do making love"**; all of this was part of the hoax. The "Nazi" sergeant never existed. Neither did the German nurse who administered the sulphuric acid with a . . . **"faint smile of satisfaction on her face"** . . . They, and every other character and event in the story (with the exception of "former spy" Dupre) exist only as propaganda inventions — the creation of Quentin Reynolds' perverted pen. Such are the facts about "The Man Who Wouldn't Talk", which millions of Americans have read in the belief that it was a true and factual story.

SIGNIFICANCE: It is consistent with the highest ideals of journalism for newspapermen to report honestly, to expose fearlessly and to take issue forthrightly. Such a code obligates the journalist not only to report an atrocity, but to seek retribution (or at least censure) for those responsible.

But there is no lower crime known to journalism than the fabrication of a hate-libel based on manufactured evidence. Quentin Reynolds, who would instantly brand any criticism of Jewry (or of Israel) as "hate mongering", is himself guilty of deliberately inventing a viciously anti-German "atrocity" story. By doing so he has revealed himself to be a literary pervert — a cheap propagandist whose hatred of the German people has led him not only to repeat the Jewish-inspired lies about the German "war crimes", but to go them one better by inventing his own lies. . .

Tenney Speech

Senator Tenney minced no words in getting to the heart of the Jewish problem. **"There are," he said, "many organized groups in America who do not feel themselves to be citizens of the United States, but a nation apart. Some of these organizations have sponsored a new oath of allegiance for American-born Jewish children. Here it is—and I am quoting literally:**

'Here is our pledge, Israel
I pledge my loyalty to God,
To the Torah and to the Jewish State,
And I promise to live some part of every day in a Jewish way,
And to be of some service to my fellowmen.'

"No allegiance here", continued Tenney, "to the Stars and Stripes, or to the Republic for which it stands; only allegiance to Israel—to the Jewish State"...

Senator Tenney also gave his audience a description of the Jewish structure of the Communist movement both here and in Soviet Russia, and caustically referred to the . . . **"Moscow Democrats"** and **"Leningrad Liberals"** who have shaped our government policy for the past 20 years. Tenney concluded his address with a blistering denunciation of the United Nations, which he described as an **"ominous conclave"** and **"an un-American institution."**

BACKGROUND: Senator Tenney's courage in discussing the Jewish question is especially noteworthy in view of the fact that his constituency contains the largest concentration of Jews west of New York City. More than 350,000 Jews infest southern California, and all are fanatically determined to see him defeated in the next election. On the other hand, southern California is also the stronghold of the Nationalist movement in the U.S. Because of this, the eyes of the entire Nationalist movement (and of organized Jewry) will be focused on Senator Tenney's campaign for reelection next year.*

*In the 1950 election Tenney was swept to an overwhelming victory at the polls, winning both the Republican and Democratic nominations in the primaries, and receiving 1,126,157 votes in the general election.

Negro Rape Attacks

Army. According to Hannah's announcement, the Army will have until next June to "integrate" the remainder of its Negro personnel into white units. At that time the "integration" program, which was begun by Harry Truman in 1948, will be virtually completed, since the Navy, Air Force and Marine Corps have already "integrated" all Negro personnel into white units.

The Truman-Eisenhower "integration" program does not, however, end there. The plan also calls for the forced admixture of the FAMILIES of military personnel. Under an Eisenhower directive, the children of white servicemen on military reservations must attend interracial schools not later than 1955. The families of white servicemen must also share housing and recreational facilities under the same plan. In short, white servicemen not only have to live and work with Negroes (and take orders from Negro sergeants and officers) but their families must likewise submit to the same process of "integration". The situation is made all the more insufferable by the fact that any serviceman objecting to this state of affairs is subject to court martial. . .

SIGNIFICANCE: There is no question whatever but that the Truman-Eisenhower "integration" plan is directly responsible for the rape-attacks which occurred at Fort Bragg. Were it not for the "integration" program, white women would not have been dancing with (and "encouraging") Negroes in the officers club. Neither would Negro sentries be in a position to accost and waylay white women on the base. These, and many similar incidents, are the direct consequence of the "integration" program, and both Truman and Eisenhower are as much responsible for the outrages at Fort Bragg as are the actual criminals.

Furthermore, Eisenhower's complicity in this Jewish scheme to mongrelize our Armed Forces can no longer be regarded as merely a fatuous impulse; he has in fact become an assessory to a criminal conspiracy. Congress should see to it that this filthy "integration" program is halted at once, and in the meantime provisions should be made to protect the wives and families of our men in uniform from any more of these "Fort Bragg" incidents! Write your congressmen!

Press Report

NEW YORK—A recent issue of TIME (Nov. 23rd) reveals that 34,000 Jews have fled Israel since 1948, and that currently more Jews are leaving the country than are coming in. Reporting on an interview with a group of Jews who had illegally re-entered Germany after leaving Israel, TIME quoted one of them ("Berlin-born Arie Kraemer") as saying: "I am a German, and now I want to take up things where they were dropped in 1933. What do I have in common with those people there? I feel nothing for those Asiatic and African Jews who swarm into Israel". . .

OTTAWA—A member of the Canadian Parliament, John H. Blackmore, is under heavy Jewish fire for having mailed out "anti-Semitic" literature under his franking privilege. When confronted with newsmen, Blackmore not only affirmed that his secretary had mailed out literature containing advertising for John T. Flynn's book, "While You Slept" and Col. John Beaty's "Iron Curtain Over America", but he also set Canadian newsmen on their heels with a question of his own. Asked the Honorable John H. Blackmore: "If you tell the truth about Jews, are you anti-Semitic"? . . .

SPECIAL—The December 10th issue of the Negro publication, JET, "forecasts" that a new attempt will soon be made to colonize Negroes in Cicero, Ill. A race riot occurred there in 1951 when Negro agitators unsuccessfully attempted to move a Negro family into the all-white community. Incidentally, the tactic of moving a lone Negro family into a white neighborhood (technically known as "block-busting") is used by the trouble-making National Association for the Advancement of Colored People (NAACP) to soften up a white community preparatory to moving in large numbers of Negroes. The "block-busting" maneuver enables the NAACP and similar groups to pinpoint those who object most strenuously to the Negro invasion. If trouble breaks out later, these "ringleaders" are either arrested or coerced.

PHILADELPHIA—Last month the Communist organ, PEOPLE'S WORLD, gleefully reprinted some of the remarks made by its favorite Supreme Court Justice, Wm. O. Douglas, before a political convention in Philadelphia: "The people of Asia", bleated Comrade Douglas, "look on capitalism as an instrument for the exploitation of the multitude for the benefit of a few . . . Asia's experience with capitalism is one reason why Asia is predominantly Socialist today".

WASHINGTON—The wife of Frederick Vanderbilt Field has "voluntarily" left the United States to avoid deportation. Field has long been associated with the Communist conspiracy in this country. As secretary of the "Civil Rights Congress Bail Fund" he was instrumental in raising bail money for a number of high Communist functionaries, including Gerhart Eisler, who fled the country while free on bond. Vanderbilt Field's wife is the Jewess, Anita Cohen, who at one time was married to convicted spy, Raymond Boyer. She claims Canadian citizenship.

Jews Migrate

believing that Jews are fleeing Soviet domination to escape "persecution". And it is not likely to occur to him that victims of Soviet persecution are NEVER accorded the privilege of emigrating to another country. . .

Segregation Issue

Continued From Page 2

(passed in 1873) was revived which compels restaurant owners in Washington, D.C. to serve Negroes whether they want to or not. The Eisenhower administration has also resurrected the dead-letter "Civil Rights" law of 1866, which gives the federal government the authority to assume jurisdiction over all cases concerning the "civil rights" of Negroes. This means the justice department will now take jurisdiction over "lynch" cases involving Negroes, and under this interpretation of the law the mere "false arrest" of a Negro also becomes a federal offense. By reviving this obscure and unknown Civil War law (it was actually enacted the year following the Civil War) the Eisenhower claque has wantonly invaded the field of States Rights in order to promote its mongrelization program.

SIGNIFICANCE: The trouble-making NAACP, which for many years pushed its aggressive "civil rights" program under the guise of promoting "equal though separate" privileges for Negroes, has now abandoned all pretense and is going all-out for unrestricted "equality". And it should be noted that the NAACP's concept of "equality" envisions complete social equality for Negroes — meaning the "right" to mingle and intermarry with whites. In all this they are being aided and abetted by the Eisenhower administration, which has taken up the cudgel for Negro "rights" on a scale which puts the Truman regime to shame. That is the real reason why the justice department joined with the NAACP in urging the Supreme Court to outlaw segregated schools.
